MW Toolkit for PT

2020

20.20.10.0811
- Sage 2021.1
  - Payroll Journal allows negative Pay Field Numbers now.
    - § This was documented in "Payroll Changes Sage 50 U.S Edition 2021.1"

20.20.01.2218 Employee Imports
- Sage 50 2020.1 has only a partial implementation of UsesW4PriorTo2020
  - UsesW4PriorTo2020 will NOT IMPORT a negative value (False)
  - This is a limitation in the Sage 50 SDK which we cannot fix. Employee import & update have been tested with UsesW4PriorTo2020 = True
  - If you need UsesW4PriorTo2020 set to False, it must be done manually via the UIF.
- We added Direct Deposit Account & Routing Numbers to Employee Export
  - SSN, Direct Deposit Account & Routing Numbers are encrypted in PawCom2
  - They are NOT encrypted via the MW Toolkit for PT which uses the Sage 50 2020 SDK.

20.19.11.0617 Sage 50 2020.1 Support
- New fields added to Employee table. See [Sage 50 2020.1 Update Notes.pdf]
  - UsesW4PriorTo2020 as Boolean
  - MultipleJobs as Boolean
  - FederalDependentAmount as Double
  - FederalOtherIncomeAmount As Double
  - FederalDeductionAmount as Double

20.19.10.0518 Sage 50 2020 Support
- New fields added to Employee table.
  - Employee List: Special Allowances (3-5) & Extra Special (3-5)
  - See the related Sage 50 forms for usage (Employee Withholding Info TAB)
- Some field sizes have changed in Address, Chart, Customers, Employee, Jobs, Journal Header & Line Item Tables. *YOU WILL NOT HAVE ACCURATE IMPORT OR EXPORT WITHOUT THIS RELEASE.*
  - All address fields have been increased from 30 to 50 characters.
  - Chart of Accounts: Last Deposit Ticket increased from 8 to 20 characters.
  - Jobs (address fields have been increased from 30 to 50 characters)
  - Journal Header
    - § Deposit Ticket ID increased from 8 to 20 characters
  - Line Items
    - § Line Item Type (Category) increased from 8 to 20 characters.

2019

20.19.03.2813
- Vetted with Sage 2019.2

2016

20.16.08.1217
- Sage 2017 new field
  - ACH_STORED_ACCOUNT_REFERENCE

2015

20.15.07.0820
- Sage 50 2016: 2 new fields in Cash Receipts
    - CCRelatedTrx (integer)
    - CC_VANReference (string)
    - JournalKey (string)

2014

2.1.3014.30715
- Fixed 2014 version of Payment Journal import & export (Payment Method)

20.14.03.2818
- New web registration

2013

2.1.3013.30122
- Rebuilt DLL & retested (MWLibraryForPT.dll & MWDemoLibraryForPT.dll)

2.1.3014
- Fixed CompanyIsOpen (TestSecurity & PTApplication)
- Added mwToolkit version handling in Access FE

2.1.3014.30228
- Repaired initialization in non-trial edition
- Tested on Xp & W7
- New splash screens (excel & access)

Older Versions
